

VOLLEY OF SHOTS FIRED AT MILFORD

One Killed in Clash Between Strikers and Police—Firing is General on Both Sides

HOPEDALE, April 24.—The first fatality in connection with the strike of the Draper Co. occurred today when an Italian striker was shot and killed in a clash between the police and pickets on the outskirts of the town. The firing was general on both sides for a few minutes, but no other person was struck. The pickets were dispersed. A band of strikers had lined up on the Milford road a mile from the Draper mills and were intercepting workmen when the police appeared on the scene. The pickets were ordered to disperse and, according to the police, answered the command with a volley of stones. Firing followed within a few minutes, each side claiming afterward that the other started it and on the first volley an Italian workman fell to the ground with a bullet through the neck. He died within a few minutes. The pickets withdrew after the death of their comrade and the Draper live.

workmen continued to the mill. The clash was followed by a doubling of the police force in this town and Milford. Deputy sheriffs and state police patrolled both towns in automobiles, all gatherings were dispersed at once and the crowds were kept moving. Many workmen were taken to the Draper shops in auto trucks.

LOWELL OPERATIVES SAID TO BE AT HOPEDALE TO REPLACE STRIKERS

HOPEDALE, April 24.—The importation of workmen to take the places of the strikers who went out four weeks ago at the Draper company plant, continued yesterday when 15 men were brought into Hopedale on special cars, routed through points not touching Milford, where the strikers live.

The men, who are believed to come from Lawrence and Lowell, were quartered temporarily in the bobbin rooms of the plant. They will be given their meals in the company boarding house.

As soon as their arrival became known generally Supt. McCaslin issued a statement in which he emphasized the fact that the men were not strike-breakers, but employees who had accepted permanent places in the foundry and other partially crippled parts of the plant.

The firm of William J. Lapworth & Sons were again confronted with a peculiar problem when a large number of their former foreign-speaking employees, applied for re-instatement. The English-speaking employees have refused to work again alongside the foreigners.

Land Damages as Result of Grade Crossing Alleged

Case Was Called This Morning and Jury Drawn

Jurymen Left Court and Viewed Lincoln St. Crossing

Verdict for Defendant in Case Against Spring- field Railroad

In the case of Josephine Rust vs. the Springfield St. Railway company, which was tried yesterday afternoon at the civil session of the superior court, Judge Pratt directed a verdict for the defendant. It is said that the case will be carried to the supreme court on exceptions filed by the plaintiff. The action was one in which the plaintiff seeks to recover for injuries alleged to have been received in being thrown from a street car in Springfield. Although the case is a Springfield one, nevertheless, since the alleged accident, the plaintiff, Josephine Rust, has moved to Malden and consequently the trial took place in this court.

There was some delay in the court proceedings this morning owing to the absence of the counsel for the plaintiff in the case to be tried. When he finally put in an appearance, the jury was drawn and the case called. It was that of Curtis McEwan, Pet'r. vs. City of Lowell, an action to recover for alleged land damages and depreciation of property, said to have been caused by the abolishing of the grade crossing in Lincoln street. The plaintiff's declaration stated that the plaintiff, Curtis McEwan, is the owner of certain property on the east side of Quebec street and on the westerly side of Border street, and about 50 feet from the intersection of Quebec and Winter streets and south-east of the point where the Old Colony railroad crossed Lincoln street at grade. With the abolishing of the grade crossing, the petitioner states that it was found necessary to raise a part of Lincoln street and that in this process a bank was raised in front of and on land adjoining the north side of the premises of the petitioner, obstructing the light and air from said premises and causing dust to be blown and scattered upon the property in question, thus greatly reducing the value of his property, moreover, causing some of the tenants to vacate. Further, it is alleged that because of this work of abolishing the grade crossing the premises of the plaintiff were rendered difficult of access and as a consequence of this depreciation in value was dated Feb. 7, 1912. The amount of damage was left to the jury to decide. R. Silverblatt, Esq., represented the plaintiff and City Solicitor J. Joseph Hennessy appeared in behalf of the city.

After the opening statements of the plaintiff, Mr. Silverblatt asked that the jury be taken to the place in question to get a view of the premises and railroad crossing, and they left shortly before 11 o'clock, court being adjourned until their return.

KING NICHOLAS DEFIES POWERS

In Reply to European Invitation to Evacuate Scutari—Austria Issues Ultimatum

CETTINJE, Montenegro, April 24.—"Scutari is from today Montenegrin" is the defiant reply of King Nicholas to the European invitation to surrender the hard won Turkish citadel. The king made this statement in the course of a speech delivered from the balcony of the royal palace, among his audience being the ministers of the Balkan states who came to congratulate him. He added: "Should Europe still think of snatching Scutari from Montenegro, who has almost given her lifeblood to take it, Europe will have to carry out the task by force of arms."

Austria Issues Ultimatum

LONDON, April 24.—"Take immediate combined action to turn the Montenegrins out of Scutari or we shall do it alone," is the effect of a circular note sent by the Austro-Hungarian government to the powers composing the concert of Europe. The note is virtually an ultimatum.

Evacuation of Scutari Demanded

BERLIN, April 24.—Austria-Hungary telegraphed to all the great powers yesterday demanding that they send an ultimatum ordering Montenegro to evacuate Scutari within 48 hours. Austria declares she will with her allies take steps to protect her political interests.

European Conflagration

ROME, April 24.—Italy and Austria-Hungary being directly interested in the question of the future of Albania the exchange of communications between Rome and Vienna is active. It appears that Austria-Hungary is determined to act alone if she is not backed up by the other powers obtaining the evacuation of Scutari by the Montenegrins. Such action would almost certainly mean, according to well informed opinion here, a European conflagration. The efforts of Italy, therefore, are directed at preventing the isolation of Austria-Hungary and convincing Montenegro of the necessity of complying with the decision of the council of the ambassadors in London.

If this cannot be accomplished, the opinion prevails here that collective armed European intervention is inevitable. It is pointed out that, instead of retaining Scutari, Montenegro might be given besides financial compensation territorial recompense, including not only the district of Novi Pazar but Ipek and perhaps Jakova, to the east of Scutari and in the vilayet of Kossovo.

LOWELL MAN DIED ON TRAIN

Alfred Beaudry En Route to Montreal Passed Away in Coach at South Nashua, N.H.

Alfred Beaudry, aged 35 years, residing at 21 Tremont street, and a fireman in the employ of the Bigelow Carpet Co., died on a Montreal bound train Tuesday evening, while en route to Pointe aux Trembles, Que., where he was to live with his mother. Mr. Beaudry was ill when he left Lowell and his boarding mistress, Mrs. Alfred Perreault, insisted that he delay his trip, to a later date, but he refused and started on the long voyage accompanied by his brother, J. Beaudry of Montreal.

Beaudry had been a resident of this city for the past four years. During that time he always made his home with Mr. and Mrs. Alfred Perreault, 21 Tremont street, and was employed as a night fireman at the Bigelow Carpet Co. For the past few years he was troubled with tuberculosis, but left his work only three weeks ago. A few days ago he made up his mind to go and live with his mother at Pointe aux Trembles, Que., and he wrote to his brother, J. Beaudry, of 1539 DeLarochelle street, Montreal, Que., to come for him. The latter arrived in this city Monday and all arrangements were made to leave Lowell Tuesday evening. The young man had a deposit of \$1000 in a local bank, and he was advised to draw his money before leaving for Canada, but he refused, saying the Lowell bank was paying 4 per cent, while in Canada he would only receive 3 per cent. Tuesday evening he was very weak, but he managed to get to the Northern

2 BROKERS SUSPENDED

From the New York Stock Exchange

NEW YORK, April 24.—William Morris Imbri and John W. Kirkner, members of the stock exchange, were today suspended from all the privileges of that institution for six months because of acts "detrimental to the interest and welfare of the exchange."

Announcement of the suspension was made by President Mabon, who called the attention to that section of the exchange constitution prohibiting the taking or carrying of speculative accounts for an officer or subordinate of a bank, trust company or other fiduciary institution. It is understood that Messrs Imbri and Kirkner were officers of a New Jersey trust company who was recently sentenced to the state prison at Trenton for embezzlement.

President Mabon announced also that on and after June 15 the exchange intends to strike from the list the common shares of the Goldfield Consolidated Mines Co. because of that company's refusal to comply with the transfer rules of the exchange.

SENATE AND HOUSE TALK TARIFF WITNESS FAINTED IN POLICE COURT

Informal Conferences Between Frederick Broyers Collapsed and Case Was Continued—Short Weight Cases Heard

WASHINGTON, April 24.—Tariff discussion was on today in both the senate and house. There were informal conferences between senators and representatives at an hour earlier than usual. The house republicans conferred regarding their caucus tonight when it is expected to settle upon their policy as to the cotton schedule. The caucus already has voted in favor of the wool schedule prepared by Rep. Payne but the cotton schedule has been delayed through what Rep. Gardner of Massachusetts has explained to be inability of his subcommittee of the ways and means committee to agree. Mr. Gardner expected to be ready with the plan tonight. Rep. Peters of Massachusetts, a member of the ways and means committee majority which framed the democratic bill, was among the speakers of the democratic side today, presenting an elaborate argument in defense of the committee measure. Leaders of all three parties have been confronted with a disposition of their colleagues in their speeches until the latter part of the day. The tariff bill is expected to be passed by the house before the tariff bill is passed by the senate. The tariff bill is expected to be passed by the house before the tariff bill is passed by the senate.

SUFFRAGETTES JAILED SYSTEM OF TAXATION

Three More Given Sentences Today Against Bay State

LONDON, April 24.—Mrs. Charlotte Despard, a leader of the suffragettes who were arrested last night while trying to hold a meeting in Trafalgar square was sentenced today to 14 days' imprisonment in default of payment of a fine of \$25. Her companions, Nina Boyle and Mrs. Wood were sentenced to ten days and seven days' imprisonment respectively. Mrs. Despard declared her attempt to hold a meeting in Trafalgar square was made as a protest against the government's prohibition of suffrage meetings in Hyde park.

SUMMER IS HERE
Hector Wore His Straw Hat Yesterday and Will Continue Until Labor Day, Rain or Shine

Hector Marquis, of 23 Fisher street, formally opened the summer season yesterday by coming out on the street with a straw hat. He thought it warm enough to wear the hat and despite the cheering of the youngsters of the vicinity, he wore it all day. Hector says he is as much entitled to wear a straw hat as his wife is and he sees no reason why a man should wait until the latter part of May or the beginning of June to cover his "block" with the straw hat. "I am wearing my straw hat today," he said, "and will keep it on until Labor day, providing some jealous minded woman does not smash it on my head, and if so I will buy a new one and wear it."

You are right Hector, the hat is your property, wear it as long as you please.

October 1 next instead of immediately upon the bill becoming a law. Mr. Underwood it is understood, assured his visitors that the request could not be entertained. Rep. Hammond of Minnesota opened the day's discussion in support of the bill. Rep. Peters, democrat, of Massachusetts, declared the present democratic control of the government was the result of the failure of republicans to revise the tariff in the interest of the consumer. The bill we now bring in is the result of an honest, conscientious effort to lighten the burden of taxation placed on the shoulders of the great mass of consumers, the common people," he said. Rep. Fordney, republican, attacked the sugar schedule. "The free sugar provision of this bill," he said, "was proposed with the assistance of Frank Lowrey, press agent of the committee of wholesale grocers, which has never held a meeting and so far as I can learn all the money expended by Lowrey in his free sugar campaign was supplied by August Spreckles, president of the Federal Sugar Refining Co. of New York. Another Spreckles, Rudolph, of San Francisco, was one of the most ardent supporters of President Wilson during the last campaign, financially and otherwise. Between Rudolph Spreckles in New York and August Spreckles in San Francisco, God help the sugar industry."

WOMAN FATALLY INJURED

Jeremie Choquette, aged 50 years, mother of Rev. Victor C. Choquette, pastor at Malden, sustained a very bad accident early this morning, and it is feared on account of her advanced age she will not recover.

Mrs. Choquette who makes her home with her daughter, Mrs. Marcel Hebert, 772 Moody street, got up in her sleep early this morning and opened the door leading down the stairs. The aged woman lost her footing and fell headlong down the stairs. She was picked up in an unconscious condition and carried upstairs. Dr. Bellehumeur was called and after a close examination found that his patient suffered from a fracture of the nose, a fractured wrist, a fractured hip and probably internal injuries. He fears she will not recover.

LABOR LEADERS CLASH

PATERSON, N. J., April 24.—In the event that 5,000 members are enrolled from the ranks of the striking silk mill workers by the American Federation of Labor the federation will open negotiations with the manufacturers for a settlement of the strike, according to an announcement made today by the federation officials.

Court proceedings were stopped this morning by the fainting of the complainant in the case of Josiah A. Broyers, charged with assault and battery upon Frederick Broyers. Mr. Broyers had just taken the stand for examination by his counsel, Daniel J. Donahue, Esq., when he suddenly began to sway back and forth, his grip upon the railing, which runs along the side of the witness stand, alone saving him from a fall. Warrant Officer Cawley immediately brought forward a chair and the witness was eased back into it. He had collapsed before Dr. Shaw, who was also a witness in the case, could reach his side. The attack of weakness was only momentary, however, and it was but a short time before the physician had Mr. Broyers resuscitated. The witness, however, was in no condition to go on with the trial and Judge Enright continued the case for a week. Jackson Palmer, Esq., appeared for the defendant.

Weight Violators in Court

The state inspectors of seals and measures were again heard from in this morning's session. They had four proprietors of local stores in court to live up to the law in regard to the proper sealing of measures and scales. Victor Gillins, who keeps a butcher store on Allen street, was fined \$10 for being short in weight a few ounces of the standard, as set by the state authorities. The case of Michael Casey, charged with having scales in his possession which were incorrect, was continued for a week in order to give the defendant a chance to procure legal advice. He also runs a butcher shop which is located at Fourth street. Daniel Redding, whom the court said he had known to be always strictly honest, was forced to pay a fine of \$5 for a technicality. He did have scales in his possession that were not sealed although he did not weighing with them. John J. Smith was also fined \$5 for having an unsealed measure. He is a peddler on South Wilder street.

JAPAN AND U.S. RELATIONS

Discussed by Premier Yamamoto

TOKIO, April 24.—The relations between Japan and the United States were discussed this morning by Premier Yamamoto who declared that they must remain peaceful in spite of local disturbances. He expressed absolute confidence that American citizens, both official and unofficial, would demand that no discrimination be made and that matters should be arranged in a spirit of fair play. He said he entirely disapproved of any exhibition of temper or unseemly agitation. He counselled his hearers and the Japanese government to patience. Mr. Nakano, chairman of the Tokyo chamber of commerce, Matsuo Nagai, Japanese consul general at Nagasaki, and Count Yamao made speeches of a similar character.

1000 RESUME WORK

At Belgium Government Arsenal

HOISTAL, Belgium, April 24.—The government arsenal here was virtually in full working order today as nearly one thousand more machinists resumed their employment. At the mines in the vicinity, however, the strike is general. The case of Antonio Mingas, charged with non-support, was continued with no finding. Daniel J. Donahue, Esq., handled the defense, while Fisher Pearson, Esq., handled the prosecution. The case will come up two weeks hence. Michael Cassidy, a parole man, was sent to the state farm at Bridgewater. Patrick McCarthy was sent to the same place for his third appearance within a year. Mohamed Mustafa was sent to jail for four months on the charge of drunkenness. He appealed. John Olsen was fined \$6 and given a month's time to pay it in. There were five releases by Probation Officer Slattery.

ZOUAVES OF NOTRE DAME DE LOURDES PARISH

Are Planning a Week Off White Will Be Spent in Chelmsford Centre This Summer

Rev. J. B. Barrette, O. M. I., of Notre Dame de Lourdes church returned yesterday from a pleasant month's trip to Montreal, Que., where he was the guest of his parents, and a number of former classmates. The reverend gentleman was delighted with his sojourn in the Canadian metropolis. Fr. Barrette will now devote as much of his time as he can spare to his semi-military organization, the

Zouaves, which is composed of young boys of the parish. They number about forty and their captain is Adelard Trudel. The little fellows are raising funds in order to cover expenses for new uniforms, and also for their campment which will take place some time this summer. The affair which will last a week will probably be held on the farm of J. Lebeaut in Chelmsford Centre, which is a very desirable spot for such an event. There is a fine pine grove, divided by a small brook, and there is also a splendid baseball field. This will be the Zouaves' first annual campment and nothing will be spared to make the event a success.
